**Overview**: To ensure reliable, consistent and secure supply to customers, we are aligning packaging and delivery standards across all locations produced and sold from.

- **Product/Process Impact**
  - No impact to fit, form or function.
  - This will lead to changes in packaging practices and how many units need to go into packaging, which has been reviewed and optimized for quality purposes.
  - Some products will no longer be repackaged between the production location and end customer to ensure prompt, high quality service.

- **Part Number Impact**
  - See attached impacted parts list.
